Ölçümlerde Kullanılan Metotlarla İlgili Açıklamalar / *Explanations About the Methods Used in Measurements*

Bütün metotlar için sadece dersi geçen öğrencilerin notları kullanılacaktır. / *For all methods, only the grades of students who pass the course will be used.*

- G = Bölüm tarafından belirlenmiş olan başarılı sayılabilecek minimum not / *G = Minimum grade that can be considered successful as determined by the department*
- T = Program çıktısı başarısı için eşik değer / *T = Threshold value for program output success*
- M1: Öğrencilerin %T'sinin dönem toplamlarının en az G olması / *M1: T% of the students to have a semester total of at least G*
- M2: Öğrencilerin %T'sinin dönem toplamlarının en az bölümdeki dönem toplamlarının ortalaması kadar olması / *M2: T% of the students of the department to have a semester total of at least that of the department average*
- M3: Öğrencilerin dönem toplamlarının ortalamasının en az G olması / *M3: Average semester total of students of the department to be at least G*
- M4: Öğrencilerin %T'sinin dönem toplamlarının en az tüm bölümlerdeki tüm öğrencilerin dönem toplamlarının ortalaması kadar olması / *M4: T% of the students of the department to have a semester total of at least average semester total of all students from all departments*

Ölçümlerde Kullanılan Metotlarla İlgili Açıklamalar / *Explanations About the Methods Used in Measurements*

Bütün metotlar için sadece dersi geçen öğrencilerin notları kullanılacaktır. / *For all methods, only the grades of students who pass the course will be used.*

- *G = Bölüm tarafından belirlenmiş olan başarılı sayılabilecek minimum not / G = Minimum grade that can be considered successful as determined by the department*
- *T = Program çıktısı başarısı için eşik değer / T = Threshold value for program output success*
- *M1: Öğrencilerin %T'sinin dönem toplamlarının en az G olması / M1: T% of the students to have a semester total of at least G*
- *M2: Öğrencilerin %T'sinin dönem toplamlarının en az bölümdeki dönem toplamlarının ortalaması kadar olması/ M2: T% of the students of the department to have a semester total of at least that of the department average*
- *M3: Öğrencilerin dönem toplamlarının ortalamasının en az G olması / M3: Average semester total of students of the department to be at least G*
- *M4: Öğrencilerin %T'sinin dönem toplamlarının en az tüm bölümlerdeki tüm öğrencilerin dönem toplamlarının ortalaması kadar olması / M4: T% of the students of the department to have a semester total of at least average semester total of all students from all departments*

5. DEĞERLENDİRME / EVALUATION

5.1. PROGRAM ÇIKTILARI ÖLÇÜM SONUÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF PROGRAM OUTCOMES MEASUREMENT RESULTS

Within the framework of the measurements made regarding Quality Assurance in Education within the scope of Higher Education Quality Assurance studies, the contribution of the courses included in the measurement and evaluation studies in the 2023-2024 academic year to the program outcomes was evaluated as "sufficient".

Considering the courses measured in the fall semester, it was seen that all the qualification criteria determined for the achievement of program outcomes were gained in all courses. Considering the courses measured in the spring semester, it was seen that all the qualification criteria determined for the achievement of program outcomes were gained in all courses.

Averages of program outcome parameters measured in the fall and spring semesters:

- The highest score of 87.88 was observed in the fall semester, belonging to the "i" program outcome,
- The lowest score of 78.32 was observed in the spring semester, belonging to the "a" program outcome.

When all program outcomes are examined, it is seen that the average decreased from 83.17 in the fall semester to 81.33 in the spring semester.

When we compare the average of the measurement results for the qualification criteria of each program outcome in the fall and spring semesters, overall stability is observed. Among the 10 total program outcomes, 4 (c, e, f, h) did not show any significant change. The remaining 6 criteria (a, b, d, g, i, j) decreased, albeit at small rates. The program outcome with the highest decrease level was "g" and "j" outcomes, with approximately 5 points each.

It is also possible to perform this analysis on a course basis;

- An increase is observed in 10 of 31 lessons and a decrease is observed in 12 lessons. There was no significant change in 9 lessons.
- The courses with the highest score increase were IR 335 with a change of 8 points and PHIL 244 with a change of 14 points.
- The courses with the highest score decrease were SOC 101, with a change of approximately 20 points, and IR 358, with a change of 13 points.

It is also planned to meet with the instructors of the IR 358 course, which was determined to be open to improvement in the spring semester, to get their evaluations, to record the students' improvement suggestions and to increase the performance of the course in the following semesters.

5.2. EĞİTİM AMAÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF EDUCATIONAL OBJECTIVES

In the 2023-2024 academic year, feedback was received from two members of the Advisory Board that the educational objectives were evaluated. The issues emphasized in these interviews held via e-mail can be summarized as follows:

- **Meeting Organizer:** Bilkent University Faculty of Economics, Administrative and Social Sciences, Department of International Relations
- **Meeting Type:** E-mail
- **Attendees:** Gürkan Emre Sayın - General Secretariat of the European Union and Esra Ulukan Fettahoğlu - UNDP Türkiye
- **Meeting Subject:** Sharing Observations, Experiences, Opinions and Suggestions for Bilkent University Faculty of Economics, Administrative and Social Sciences International Relations Department to Achieve Educational Goals within the Scope of Quality Assurance in Education
- **Managed by:** Assistant Professor Ömer Zarplı

Attendee: Gürkan Emre Sayın - General Secretariat of the European Union

Date: 15.05.2024

Opinions and Suggestions:

I have no objection to the general structure of the curriculum. But considering that there are not many people who choose academic work after graduation, I know from experience that the department should include more courses suitable for real life. As business life becomes more difficult and more competitive day by day, law courses required for public examinations should now arguably become compulsory parts of the curriculum. I believe that, in addition to law courses, international trade and finance and social media courses have become indispensable. In fact, I have personally witnessed that climate change negotiations have recently become an important part of diplomacy.

Another issue is the second language issue. When we were students, we fought and won to ensure that IR students, unlike other FEASS students, started learning a new language even when they were in their senior year. I heard that it was removed again over time. I hope our department is still sensitive about language learning. I still use a little bit of Spanish and Russian, which I started learning in my senior year.

Finally, I think the staff is changing quickly. In general, there are quality faculty members, but I think that every department should have more long-term faculty members who are both good at academic production and have a positive impact on the students they come into contact with.

Attendee: Esra Ulukan Fettahoğlu - UNDP Türkiye

Date: 15.05.2024

Opinions and Suggestions:

It is obvious that Bilkent University students who come to our institution are well-educated in the fields of international law, international organizations and human rights. However, they

can be strengthened a little more regarding Turkish foreign policy. In addition, I think it would be better if skills such as report writing and presentation were strengthened a little more. Overall, we are pleased to work with Bilkent University graduates. Their level of English proficiency and their quick adaptation to social and work are positive aspects for us.
