Ölçümlerde Kullanılan Metotlarla İlgili Açıklamalar / Explanations About the Methods Used in Measurements

Bütün metotlar için sadece dersi geçen öğrencilerin notları kullanılacaktır. / For all methods, only the grades of students who pass the course will be used.

- G = Bölüm tarafından belirlenmiş olan başarılı sayılabilecek minimum not / G = Minimum grade that can be considered successful as determined by the department
- T = Program çıktısı başarısı için eşik değer / T = Threshold value for program output success
- M1: Öğrencilerin %T'sinin dönem toplamlarının en az G olması / M1: T% of the students to have a semester total of at least G
- M2: Öğrencilerin %T'sinin dönem toplamlarının en az bölümdeki dönem toplamlarının ortalaması kadar olması/ M2: T% of the students of the department to have a semester total of at least that of the department average
- M3: Öğrencilerin dönem toplamlarının ortalamasının en az G olması / M3: Average semester total of students of the department to be at least G
- M4: Öğrencilerin %T'sinin dönem toplamlarının en az tüm bölümlerdeki tüm öğrencilerin dönem toplamlarının ortalaması kadar olması / M4: T% of the students of the department to have a semester total of at least average semester total of all students from all departments

5. DEĞERLENDİRME / EVALUATION

5.1. PROGRAM ÇIKTILARI ÖLÇÜM SONUÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF PROGRAM OUTCOMES MEASUREMENT RESULTS

In the Fall semester, it has been observed that the MATH 264 course remained somewhat below the specified threshold value of 65% for achieving program outcomes, with a score of 54.55%, for program outcomes b, c, and j. This course is included in POLS QME list for the first time. It may be that the suggested threshold values require some adjustment. The evaluation of this course will continue as part of ongoing improvement efforts in subsequent periods.

Also noteworthy is that, in both semesters, PSYCH 102 course remained just below the specified threshold value of 50% for achieving program outcomes, with a score of 44,44 and 48.61%, for program outcomes b and h. The situation regarding this course will be evaluated as part of ongoing improvement efforts in collaboration with the course coordinators.

In the Fall semester, for POLS 304, for only one program outcome (c) out of 3, the value remained slightly below the threshold value but this problem was resolved in the Spring semester. We shall nevertheless remain vigilant next year.

In the spring semester, it was observed that POLS 101 course fell below the specified threshold values, even though the targeted threshold value for achieving program outcomes have been reached in the Fall semester (when 5 sections of the course was opened). The situation regarding this course will be evaluated as part of ongoing improvement efforts in collaboration with the course coordinator.

Finally, it has been observed that the CS 121 course remained below the specified threshold value for achieving program outcomes, with a score of 23.91%, in the Fall semester, while no such problem existed in the Spring semester. It may be that the course content went through some change in the Spring semester. To understand what might be the reason for these uneven results, we shall remain vigilant and the evaluation of this course will continue as part of ongoing improvement efforts in subsequent periods. If necessary, the course coordinator will be contacted.

Otherwise, in all other approximately 30 courses evaluated during both the Fall and Spring semesters, the targeted threshold values for achieving program outcomes have been reached.

5.2. EĞİTİM AMAÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF EDUCATIONAL OBJECTIVES

Based on feedback received from previous graduates and the Advisory Board, additions were made to the curriculum, particularly regarding elective courses in the previous year. In light of these suggestions, we are continuing to offer the course POLS 4111 Comparative Public Administration once a year. We also have plans about a 5 ECTS credit course that focuses on innovative research methods.

In relation to courses that were initiated in previous years, it is important to note that the courses POLS 4133 Comparative Public Administration and POLS 411 Gender and Politics,

both of which were opened in light of the recommendations of the Advisory Board, continue to be offered with success.

Students in the department have designed and implemented numerous applied projects in various fields addressing social issues within the branches of the GE 400 courses offered by the department.

Lastly, we have hired two new full-time instructors to teach sections of SOC 101. This will reduce our dependence on part-time instructors and increase the quality of this important basic course.
