5. DEĞERLENDİRME / EVALUATION

5.1. PROGRAM ÇIKTILARI ÖLÇÜM SONUÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF PROGRAM OUTCOMES MEASUREMENT RESULTS

Within the framework of Bilkent University's Quality Assurance in Education, assessment tools were conducted in the 2023 - 2024 academic year to evaluate the achievements of program outcomes for the Tourism and Hotel Management (THM) department. In this regard, 32 courses offered in the Fall semester and 29 courses offered in the Spring semester were used in the evaluation process to test the sufficiency of related courses in achieving THM's 9 program outcomes (a, b, c, d, e, f, g, h, i). To illustrate, the following is a short list of number of courses used to evaluate each of the program outcomes in 2023 - 2024 academic year Fall as well as in Spring semesters:

Fall semester:

- 18 courses were used to evaluate "a" outcome
- 11 courses were used to evaluate "b" outcome
- 9 courses were used to evaluate "c" outcome
- 3 courses were used to evaluate "d" outcome
- 4 courses were used to evaluate "e" outcome
- 5 courses were used to evaluate "f" outcome
- 9 courses were used to evaluate "g" outcome
- 3 courses were used to evaluate "h" outcome
- 2 courses were used to evaluate "i" outcome

Spring semester:

- 15 courses were used to evaluate "a" outcome
- 10 courses were used to evaluate "b" outcome
- 9 courses were used to evaluate "c" outcome
- 3 courses were used to evaluate "d" outcome
- 5 courses were used to evaluate "e" outcome
- 4 courses were used to evaluate "f" outcome
- 7 courses were used to evaluate "g" outcome
- 3 courses were used to evaluate "h" outcome
- 2 courses were used to evaluate "i" outcome

In 2023 - 2024 academic year (Fall / Spring), all department courses evaluated met the specified program outcomes. As far as non THM coded courses (TURK 101, TURK 102, HIST 200, ENG 101, ENG 102, GE 100, GE 251, HCIV 101, HCIV 102, CTIS 186, CTIS 285, CTIS 286, ECON 103, MATH 105), university-wide standards / metrics were used. For the same time span, at the exception of ENG 101, all other courses met the required performance levels for the program outcomes. As far as ENG 101 is concerned, insufficiency occurred in Fall as well as in Spring semesters of 2023 - 2024 academic year, specifically when evaluating course's outcome in meeting "c" program outcome.

To recapitulate, when considering a total of 61 courses offered in both semesters (Fall / Spring) in supporting THM program outcomes, a success rate of 96.7 % is achieved. Moreover, it

shouldn't be neglected that improvement efforts are needed for ENG 101 course. Lastly, THM department will continue measuring and improving the attainment of program outcomes for all courses within the framework of the University's Quality Assurance System.

5.2. EĞİTİM AMAÇLARININ DEĞERLENDİRİLMESİ / EVALUATION OF EDUCATIONAL OBJECTIVES

In 2023 - 2024 academic year, 6 students graduated (2 students by the end of Fall semester and 4 students by the end of Spring semester). An exit interview survey was sent to all current graduates to gather their opinions on THM educational objectives perceived. This survey, sent via email and filled out anonymously, had a response rate of 16.67 %, with only one out of the 6 graduates participating. The survey consisted of 56 statements using a 5-point Likert scale (1 = Strongly disagree, 5 = Strongly agree). The statements regarding program's educational objectives are listed as of the following:

- 1) I am able to apply knowledge and skills related to the field and in general, with an innovative and entrepreneurial spirit.
- 2) Inspired by contemporary scientific thought, I am able to design and conduct research, plans, and projects to develop creative solutions for global challenges.
- 3) I am able to develop writing and communication skills necessary for effectively organizing ideas and thoughts and conveying them to various audiences, working independently and with others in national and multinational teams.
- 4) I am able to recognize the continuous need in professional and personal development for myself and others through life-long learning.
- 5) I am able to use the techniques, skills, and modern property management IT tools necessary for business practices in the field and in general.
- 6) I am able to interpret and follow legal regulations, ethical and professional standards in the field and in general.
- 7) I am able to analyze, plan, implement, supervise and improve a quality service in the field and in general.
- 8) I have the knowledge, awareness and ability to implement sustainability measures in the field and in general.
- 9) I took advantage of the campus life where students are engaged in diversity, creativity and commitment outside coursework through artistic, cultural, sportive and intellectual activities

The average value assigned for the above-mentioned statements turned out to be 4.11, indicating consistency and relevance of THM educational objectives. THM department is committed, in this regard, to continuously administer exit surveys, analyze them and, if deemed necessary, rectify its educational objectives.

Besides exit interviews, THM department gathers opinions and suggestions from its Advisory Board, active since 2018. This very board, comprised of THM graduates as well as known sector professionals, provides consultancy to department administration on relevant topics within their field of expertise. Members of the Advisory Board serve for a maximum of four years after which they are replaced with other members. THM advisory Board was lastly

renewed in March 2024 and currently encompasses 12 members: 6 THM alumni and 6 executives from different sectors of the Tourism Industry.

The survey “Annual Educational Evaluation Survey” was conducted between April 19th 2024 and May 10th 2024. Similar to last year’s survey, THM Advisory Board Members were asked to evaluate and provide feedback for the THM program in terms of:

- i. educational objectives
- ii. program offerings (curricular and certificatory)
- iii. student/graduate performance.

Survey technique has been used for the following reasons:

- Advisory Board members being located at different time zones around the globe makes it difficult for synchronous meetings.
- Advisory Board members may require varying amounts of time to answer the questions.

Surveys were prepared on Qualtrics, and a personalized link was sent to each of the twelve Members. Out of these members, five completed their surveys (41.7 % response rate). Details for each question as well as responses are as follows:

Members were first asked to evaluate the appropriateness of the educational objectives of THM.

Results revealed a high level of perceived appropriateness for all three objectives (Table.5.2.1). An optional question asking for elaboration and / or recommendation was coded to appear for Members who were to rate an objective below “appropriate”. However, there was no such rating for any of the objectives. Ratings also closely followed last year’s scores.

Table.5.2.1

Educational Objective	Average score*	2023 average
<i>THM program aims to distinguish its graduates with knowledge and skills to capitalize on various professional and entrepreneurial opportunities in an ethical and sustainable manner.</i>	5	4.83
<i>THM program aims for awareness and passion in its students for life-long learning, improving themselves and others as well as responding to the ever-changing needs of the industry.</i>	5	5
<i>THM program with the ability and skills to create an impact in the industry through effective communication, teamwork, and social responsibility.</i>	4.8	5

*On a 5-point Likert-type scale where 1=very inappropriate, 5=very appropriate

As far as evaluation of program offerings is concerned, Advisory Board Members were first asked to review the current THM curriculum along with course syllabi after being directed to the relevant webpages. Following their review, participants were asked to rate their level of agreement on the extent the current course offerings fit THM’s educational objectives. Results

showed a high overall fit (Table 5.2.2), although there was a slight decrease compared to last year's scores.

Table 5.2.2

Statements of Fit	Average score*	2023 average
<i>This curriculum makes THM graduates distinguished in their knowledge and skills to capitalize on various professional and entrepreneurial opportunities in an ethical and sustainable manner.</i>	4.4	4.67
<i>This curriculum inspires in THM students awareness and passion for life-long learning; improving themselves and others as well as responding to the ever-changing needs of the industry.</i>	4.2	4.5
<i>This curriculum equips THM students with the ability and skills to create an impact in the industry through effective communication, teamwork, social responsibility.</i>	4.6	4.5

*On a 5-point Likert-type scale where 1=strongly disagree, 5=strongly agree

Next, respondents were given a list of 33 course topics associated with Tourism and Hospitality Management programs. For each course topic, participants were asked to rate the level of importance for THM students when industrial requirements as well as opportunities for future careers were considered. Results showed that, among the highest rated topics, Management / Strategic Management, Applications of AI, Digital / Social Media Marketing, and Second Foreign Language are currently covered within the scope of THM curriculum.

For Second Foreign Language, recommendations included Russian, French and Spanish. When asked about any additional topic(s) that should be covered in the THM program, participants mentioned Environmental, Social, and Governance (ESG), Diversity, Equality and Inclusion (DEI), Crisis Management, Advanced Revenue Management, Health and Wellness, Blockchain, Geography, and Global Distribution Systems (GDS).

In addition to course offerings, participants were asked to state in which areas THM should incorporate certification / licensing programs. In order of prevalence, responses were: Information / Computer Technologies, Accounting / Finance, Hotel Management, F&B Management, Sustainable Management, and Quality Management.

Additionally, Members recommended certifications in Revenue Management and Tourism GDS. In terms of specific certification programs currently offered in the market, participants recommended certifications by Global Sustainable Tourism Council (GSTC) as well as Smith Travel Research (STR), Rate 360, Micros, Meta Business Suite and Google Tools.

The last set of questions focused on performance and expectations related to THM students and graduates. Participants were first asked to rate their level of satisfaction with THM students / graduates as employees and / or interns (Table 5.2.3). Respondents showed generally a high level of satisfaction. Except for the scores pertinent to Interns, respondent's satisfaction scores were slightly higher than last year's scores.

Table.5.2.3

Level of satisfaction with the job performance of THM students/graduates as:	Average score*	2023
<i>Full time employees</i>	5	4.8
<i>Part-time employees</i>	5	4.8
<i>Interns</i>	4.75**	4.8

*On a 5-point Likert-type scale where 1=strongly disagree, 5=strongly agree, **contains no scores below 4

Next, Members were asked to state how likely they would hire a THM graduate based on experience and / or familiarity with the program. All five responses were “extremely likely”, scoring an average of 5 compared to last year’s average of 4.67 (out of maximum 5).

Finally, Members were asked for any additional recommendations or suggestions as to improve the educational quality of the THM program. Responses called for:

- i. Focus on luxury accommodation
- ii. Diversity/cross-training focus in students’ internships
- iii. Greater social media involvement and digital communications
- iv. More field/site visits
